The diagram illustrates a file dependency structure. At the top is a header file box containing the paths `/media/stastez/data` and `/Code/EFTDEM/RadialDilator.h`. Below it are two source file boxes. The left box contains `/media/stastez/data` and `/Code/EFTDEM/RadialDilator.cpp`, and the right box contains `/media/stastez/data` and `/Code/EFTDEM/RadialFiller.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
