

/media/stastez/data  
/Code/EFTDEM/IHeightMapWriter.h

```
graph TD; A["/media/stastez/data  
/Code/EFTDEM/IHeightMapWriter.h"] --> B["IPipelineComponent.h"]; A --> C["string"]; B --> D["DataStructures.h"]; D --> E["vector"];
```

The diagram illustrates the dependencies of the file `/media/stastez/data/Code/EFTDEM/IHeightMapWriter.h`. It is represented by a grey box at the top. Two arrows point from this box to `IPipelineComponent.h` (a white box) and `string` (a light grey box). From `IPipelineComponent.h`, an arrow points down to `DataStructures.h` (a white box). Finally, an arrow points from `DataStructures.h` down to `vector` (a light grey box).

IPipelineComponent.h

string

DataStructures.h

vector
